

Government Services

Smart Growth Coordinator

Perot Systems Government Services (www.perotsystems.com/government/) seeks a talented individual with a background in city or regional planning, experience working in state or local government and knowledge of teaching or training to coordinate Smart Growth related efforts at the National Oceanic and Atmospheric Administration (NOAA) Coastal Services Center (CSC) in Charleston, SC.

As coastal development pressures continue to increase, coastal communities need tools to help analyze, visualize and make informed decisions about growth and development. One of the goals of CSC is to support the environmental, social, and economic well being of the coast by linking people, information, and technology. CSC has developed a number of tools and products that support land use planning and decision making. For more information about CSC visit www.csc.noaa.gov.

Responsibilities

- Develop Smart Growth training for NOAA/EPA Smart Growth Partnership
 - Complete needs assessment for training development
 - Coordinate SG training instructional design including development of content and course outline
 - Coordinate training advisory group that will inform Partnership with training development
